

AWARDS FOR PURSE AND POINTS WHEN RETAINING TIES (3/22/2020)

In general, the intent is to follow a similar process for determining prize pool payouts as our members would see on TV for a PGA tournament.

The **first step** in the process is to divide the prize pool into TWO POTS; one for net and one for gross. We also set a default that a golfer who wins gross payouts, can't also win net payouts (same as in 2019). This is not done for PGA events, since everyone is competing on a gross-only basis.

The **second step** is to determine how many places to payout. For Men's Club, the number of payout places is determined by a general formula that yields about a 1 in 4 chance of finishing in a winning placement.

The **third step** is to allocate the prize pool to the winning places in the competition (e.g. 1st, 2nd, 3rd, etc). The Men's Club uses an Excel spreadsheet that determines the prize pool and payouts (the spreadsheet is posted on the website in the ADMIN menu area, under the SCORING COMMITTEE link).

Example: For this individual tournament there are 40 golfers and a prize pool of \$200.

| 1 - Insert the number of players for an Individual Game or the number of teams for a Team Game | | | | | | | |
|--|----------|----------|--------|----------|--------|--------------|--|
| | | | | 40 | | | |
| 2 - Enter the total POT (e.g. \$5 times the number of paying golfers) | | | | | | | |
| | | | | \$ 200 | | | |
| 3 - Enter the % SPILT between NET and GROSS | | | | | | | |
| Places | 70% | | | | | 30% | |
| Net | \$140.00 | | <----> | \$ 60.00 | | Places Gross | |
| <i>payouts are about 1 out of</i> | | | | | | | |
| 7 | | 4.10 | | 4 | | | |
| Rank | Shares | Prize | | Prize | Shares | Rank | |

GROSS: After entering scores, the **fourth step** is performed by the software to adjust purse and points to account for ties (new in 2020). In this example, there were a lot of ties for the gross purse paying 4 places and the gross points for six places.

Tied for 2nd equally shared the purse and points for 2nd and 3rd.

Five members Tied for 4th equally shared the purse and points for 4th.

Even though the gross purse paid only 4 places, 8 members got money and points because of the ties.

Ties share the points just like the purse so tied for 4th shared equally the points for 4th, 5th, and 6th.

| Gross | | Expanded | | | |
|-------|------------------|--------------|-------------|---------|--------|
| Pos. | Player | To Par Gross | Total Gross | Purse | Points |
| 1 | Sawyer, Rick | +18 | 80 | \$24.00 | 100.00 |
| -- | Loffink, Larry | +18 | 80 | | |
| T2 | Massing, Dave | +19 | 81 | \$15.00 | 70.00 |
| T2 | Martin, Barry | +19 | 81 | \$15.00 | 70.00 |
| T4 | Sanford, Jim | +21 | 83 | \$1.20 | 14.00 |
| T4 | McCullaugh, Mike | +21 | 83 | \$1.20 | 14.00 |
| -- | Barber, Paul | +21 | 83 | | |
| T4 | Fieweger, Joe | +21 | 83 | \$1.20 | 14.00 |
| T4 | Fullmer, Ted | +21 | 83 | \$1.20 | 14.00 |
| T4 | Gaibler, Denny | +21 | 83 | \$1.20 | 14.00 |
| -- | Bennett, Steve | +22 | 84 | | |

NOTE: A golfer cannot win both net and gross payouts.

NET: In this tournament we paid 7 places for net payouts and six places for points.

There were no ties for the first 6 places but four members shared the purse for 7th net.

| Net | | Expand | | | |
|------|-----------------|------------|-----------|---------|--------|
| Pos. | Player | To Par Net | Total Net | Purse | Points |
| 1 | Seewerker, Fred | -9 | 53 | \$35.00 | 100.00 |
| 2 | Loffink, Larry | -6 | 56 | \$30.00 | 80.00 |
| 3 | Lewis, Paul | -5 | 57 | \$25.00 | 60.00 |
| 4 | Gardiner, Bob | -3 | 59 | \$20.00 | 40.00 |
| 5 | Barton, Denny | -2 | 60 | \$15.00 | 20.00 |
| 6 | Barber, Paul | E | 62 | \$10.00 | 10.00 |
| -- | Martin, Barry | E | 62 | | |
| T7 | Bennett, Steve | +3 | 65 | \$1.25 | |
| T7 | Frinell, Jaime | +3 | 65 | \$1.25 | |
| T7 | Fuller, Tim | +3 | 65 | \$1.25 | |
| -- | Sawyer, Rick | +3 | 65 | | |
| T7 | Bell, Orville | +3 | 65 | \$1.25 | |
| -- | Massing, Dave | +4 | 66 | | |

Golf Genius appears to easily distributes purse and points for ties and assures that net or gross members with the same score are not eliminated from the purse or points due to a tie breaker.

NOTE: For Charbonneau points we always give points for 6 net and 6 gross finishers.

The final total payouts are a result of using the Excel Spreadsheet and the Golf Genius Software to fairly allocate the purse and points.

Don't hesitate to ask clarifying questions and point out unexpected results so that we can continue to learn and make the process better.

Please say thank you to the Scoring Team for each event, and to Bill Moir for his leadership.
